

# Help!

Can you help Chaminda to sort the shapes?

Draw a line from each shape to the correct jar.

The image shows a sorting activity on a yellow background. There are six jars, each with a label and a sample shape inside:

- stars:** A white star on a purple background.
- circles:** A white circle on a purple background.
- all shapes with four sides:** A white square on a purple background.
- hexagons:** A white hexagon on a purple background.
- pentagons:** A white pentagon on a purple background.
- octagons:** A white octagon on a purple background.

The shapes scattered around are:

- Stars: Red, blue, yellow.
- Circles: Blue, red, yellow.
- Triangles: Yellow, blue.
- Squares: Blue, yellow.
- Pentagons: Red, blue.
- Hexagons: Red, blue.
- Octagons: Red, blue.
