

# Help!

Can you help Jane to make the ladder safe?

Draw a line from each bolt to the correct position on the ladder.

A yellow ladder with 6 rungs. On the left side, there are three bolts labeled 37, 36, and 39. On the right side, there are four labels: 40, 38, 35, and 28. The rungs are positioned between the 38 and 35 labels.

A yellow ladder with 6 rungs. On the left side, there are three bolts labeled 26, 30, and 24. On the right side, there are four labels: 28, 22, and 20. The rungs are positioned between the 28 and 20 labels.

A yellow ladder with 6 rungs. On the left side, there are three bolts labeled 35, 20, and 30. On the right side, there are four labels: 15, 25, and 40. The rungs are positioned between the 25 and 40 labels.

A yellow ladder with 6 rungs. On the left side, there are three bolts labeled 6, 0, and 9. On the right side, there are four labels: 3, 12, and 15. The rungs are positioned between the 12 and 15 labels.
