

Terry the Tug

Levels 1, 2 and 3

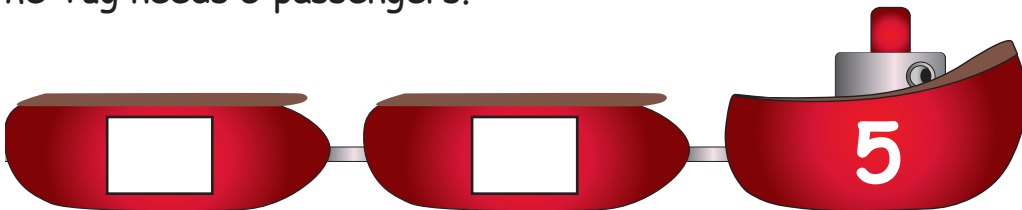

How many passengers does Terry need? Draw the correct number of passengers for each question. If you can, write down how many are in each barge.

For example:

Terry the Tug needs 3 passengers.

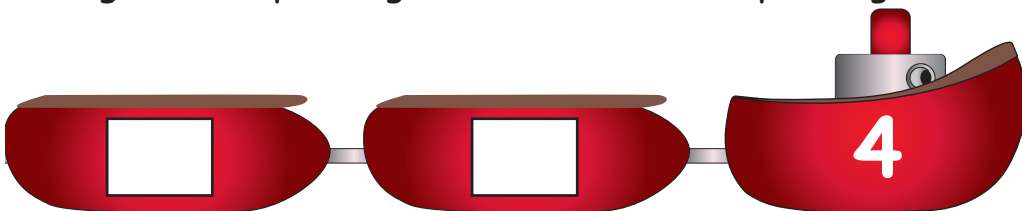

1 Terry the Tug needs 5 passengers.

2 Terry the Tug needs 8 passengers.

3 Terry the Tug needs 4 passengers. Put at least one passenger in each barge.

4 Terry the Tug needs 10 passengers. Put the same number of passengers in each barge.
