

Terry the Tug

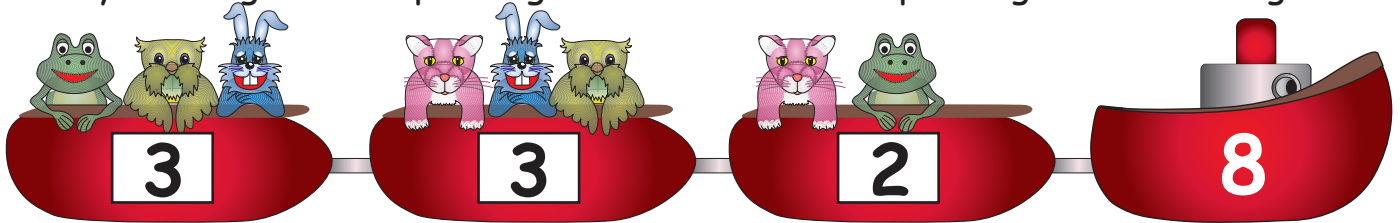

Levels 4 and 5

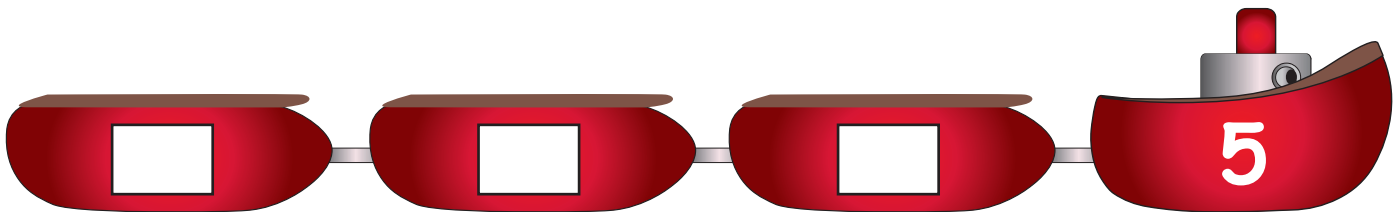

How many passengers does Terry need? Draw the correct number of passengers for each question. If you can, write down how many are in each barge.

For example:

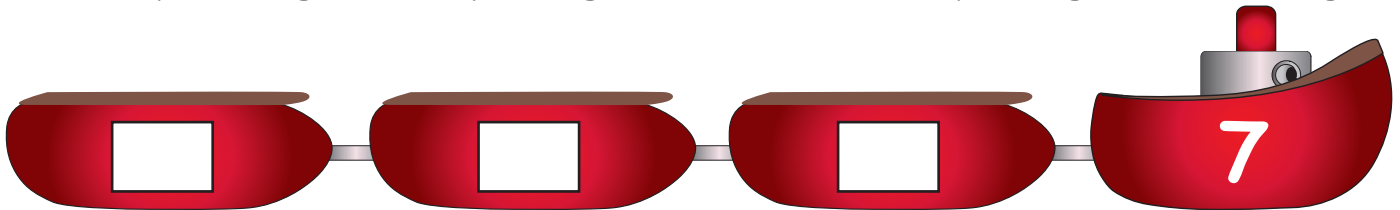

Terry the Tug needs 8 passengers. Put at least one passenger in each barge.

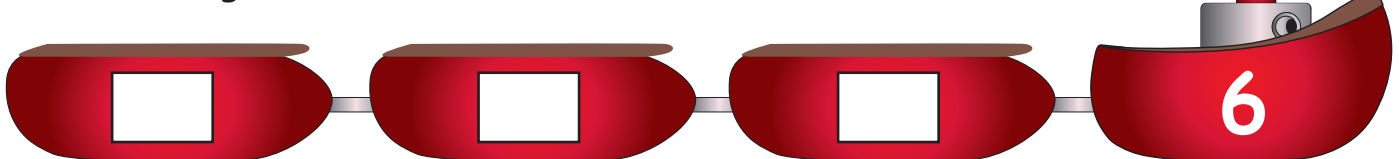

2 Terry the Tug needs 5 passengers. Put at least one passenger in each barge.

3 Terry the Tug needs 7 passengers. Put at least one passenger in each barge.

4 Terry the Tug needs 6 passengers. Put the same number of passengers in each barge.

5 Terry the Tug needs 9 passengers. Put the same number of passengers in each barge.
